SKYBELL®

TECHNOLOGIES, INC.

Getting started with your SkyBell product

1. Download the SkyBell® Mobile App from the Apple App Store® or the Google Play™ store. Be sure to select "SkyBell" mobile app, as this is the appropriate app for the latest family of products from SkyBell.

2. Launch the SkyBell Mobile app and follow the instructions to create an account and set up your device.

3. Pre-Installation Checklist located at: https://skybell.com/installation Please review the checklist prior to installation to ensure the WiFi signal is sufficient to maintain the video stream from the SkyBell device.

4. View the SkyBell installation videos located within the SkyBell mobile app.
